

# El Club Español

## Learn Spanish the fun way

We are pleased to invite your child to join our **after-school Spanish club** at your child's school.

**El Club Español** offers a structured, fun and interactive language course for primary school children. Organised within small club sessions, children learn through verbal and physical participation. Spanish is taught in an engaging and informal way, and children are introduced to the language and culture of Spain and South America through lively games, raps and action songs, stories, craft and drama activities.

Our teachers are experienced, trained linguists, and the children easily acquire vocabulary and a good accent by taking part in our enjoyable activities. Children are given a drink and snack that they ask for in Spanish and we include occasional special events such as Spanish food tasting sessions.

We look forward to welcoming your child to El Club Español.
